

This stunning 4-bedroom, 2.5-bathroom, 1795 sq ft home is a new build in the heart of vibrant North Hollywood and part of a quiet gated community, so you get the best of both worlds.

Gorgeous kitchen has quartz counters, a new deep single-bowl sink, brand new Bosch dishwasher and stainless steel appliances. Smart switches and a Ring alarm enhance functionality and security. The living and dining areas have new LED recessed lights and stylish fixtures with smart dimmers. A luxurious primary suite has a spacious walk-in closet and a beautifully updated bathroom with a brand new custom glass sliding shower door. Ceiling fans have been added in all bedrooms, and a bedroom closet also includes built-in cabinets with motion-sensor lights. The laundry room has been customized with shelves, hanging racks and a folding table.

The backyard has been completely revamped with gravel, a pergola with built-in shade, and string lights, perfect for outdoor dining. Mature fruit trees include lemon, mandarin, avocado, and pomegranate. The yard is enhanced by Wi-Fi controlled lights and a fountain.

One of only two homes in the 12 home community with a 2-car driveway AND a two-car garage. Additional features include a tankless water heater, central heat and air, double-pane windows, and a tile roof.
